**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My name is William Klug Im a Sonic customer in Brentwood . Ca 95513. I got Sonic because the are 5 times faster and almost half the price as Comcast internet service and 4 times more reliable. Comcast was not work or worked super slower than promised much of the time. Sonic has done everything they said and more. I do internet speed test often and they have proven to me that Comcast was running about half the speed that I was paying for most of the time. Sonics speed tests are amazingly fast every time. Also my son just started a four years of college and is living with me because of the Sonic internet, if I lose Sonic it will be a problem for me sons well planed college education programs that depend on Sonics reliable and affordable internet speeds. Losing Sonic will adversely affect my sons college education. I had Direct Tv for over 20 years and when ATT took it over Direct TV became over priced the quality of service ATT provided dropped so much I ended the Direct TV setvice. One reason I have stayed at this home is because of the Sonic internet service is so good. I will move from California if we lose Sonic. This state seems to screw up every thing and I can barely afore to stay here since my wife passed away. If ATT messes my Sonic internet service up I will not take it well. I need my Sonic service to communicate with VA for my VA medical care, my VA pharmacy, and VA E Benefits almost every day. These other providers service just does not work well enough or are even half as good as Sonics internet service. Im a disabled combat Vet that is just barely getting by and Im being pushed out of my home because it just costs too much. Please stop ATT from ending my great & affordable internet and phone service from Sonic. Please Im begging you not to help me keep my Sonic internet service. Respectfully submitted,

William Klug
